

LoDolce Machine Co., Inc.

Aerospace, Transportation, Medical and Commercial Contract Manufacturing

LoDolce Machine Company, founded in 1960, manufactures parts and components for a variety of sectors including aerospace, defense, transportation, medical and commercial. As veterans of aerospace, we specialize in precision machining, sheet metal fabrication, production welding, assembly, wet paint, and powder coating.

CORE COMPETENCIES

Company Data

DUNS: 001578186
CAGE CODE:
1Y8B1
NAICS: 332322
332710, 332721,
332313, 332812,
331316, 332999
PSC: 4210

ISO9001:2015
AS9100D Certified

Precision Machining

Production
Prototype
Small Lots
Turning
Turn/Mill
Milling
3, 4, & 5 axis

Precision Sheet Metal

Laser Cutting
Laser Punch Combo
Hardware Installation
Robotic Welding
Tig & Mig Welding
Wet Paint
Powder Coating

PAST PERFORMANCE

- Pratt & Whitney, subcontracted to supply precision sheet metal exhaust panels for the F119 engines for the U.S. Air Force F-22 Raptor.
- General Dynamics, subcontracted to supply sheet metal & machined parts for the M1 Abrams Tank, the Bradley Fighting Vehicle, and the Stryker Combat Vehicles.
- General Dynamics, subcontracted to supply fabricated parts for the Humvee Gunner Protection Kit (GPK) and Humvee armor.
- GSA, multiple contracts to supply various sized forestry nozzles from 1993-2005, totaling over \$2,385,000.00
- DLA Troop Support, contracted to supply machined parts for fire hose reducer

DIFFERENTIATORS

- LoDolce Machine Company is a full sheet metal & precision machining production house
- We supply in-house wet paint and powder coating options
- Facility expansion allows LoDolce Machine Company to have an inventory management system for customers
